Objectifs de l'enseignement

course overview

This course is intended to introduce *Methods of writing* in economics to students, so that by the end of the course, students will be able to draft a Short Report which includes some Technical materials (methodology box, Commented Tables, Executive summary, Policy recommendations.) to answer the questions of their interest.

Students will have to read Policy Briefs, Notes, Reports... They will have to assess both their own work and the work of their classmates during the course.

Learning outcomes

The student will be able to:

1. Recognize the type of any writing related to Economics
2. Understand and comply to any editing constraints
3. Learn how to structure writing, draft clear and concise paragraphs, present Tables and Figures..
4. Draft a Short Report on an Economic Issue
5. Draft an Executive Summary

Pré-requis

No pre-requisite.

Organisation de l'enseignement/ Evaluation

Evaluation

Student will work individually on their own writing project.

The grade for the course will be based on

-
- Class participation (20%),
 - In class presentation (30%)
 - Report Writings (50 %)

Organization of the Lectures

Lecture 1: Presentation of the different type of writings in Economics/ Presentation of editing constraints / Presentation of the assignment and tools / Choice of an economic Issue by Students

Lecture 2: Check the advancement of writings by Students, Help them with structuring their essay, choosing their arguments, drafting efficient paragraphs, presenting Tables and Figures...

Lecture 3: Students present their Writings / Student evaluate their classmates writings
